| Grand Hyatt Taipei

No.2, SongShou Road, Xinyi Dist., Taipei, Taiwan

ART FUTURE is the first Asian art fair that showcases artists under the age of 40. In 2025, this international art fair will be held at the 5-star Grand Hyatt Taipei, close to Taipei 101, Xinyi District and Taipei City Hall metro station. The site embraces Taipei's most prosperous, lively essences and refined cultural touch, with the grandeur, luxury, and innovativeness of the location along with our comprehensive, professional, and careful exhibition and VIP services.

As ART FUTURE enters its seventh year in 2025, we envision inviting more domestic and international galleries and artists to join this art feast which promotes young, emerging Asian contemporary artists by offering them greater visibility.

# A Major Promoter for Emerging Asian Artists

ART FUTURE was founded by Mr. Richard Hsueh Kung CHANG in 2019. With the ideal for creating Young Art Taipei in 2009, ART FUTURE combines art fair and international award, comprising three projects: Young & Emerging Section, ART FUTURE PRIZE, and a curatorial section for new media. Through a perspective based on Asian contemporary art, ART FUTURE is a platform that incubates emerging art in Asia, making it an indispensable part in encounters between Taiwan's contemporary art and the international art community.

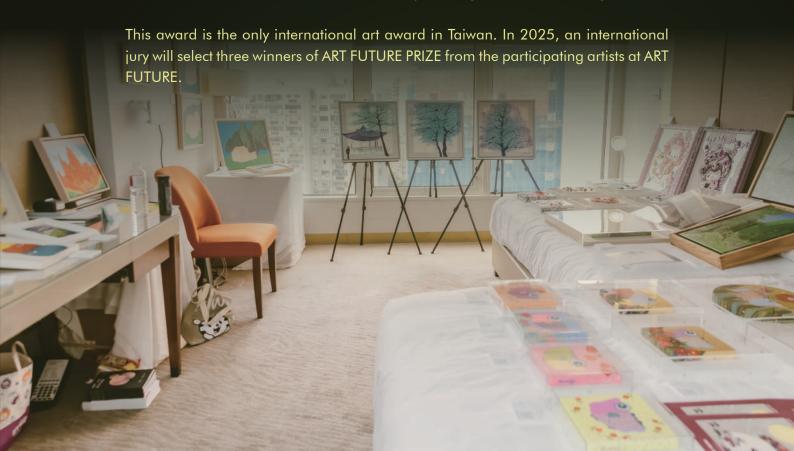

The core project ART FUTURE PRIZE assembles outstanding young artists from Asian regions and countries, including Taiwan, Japan, Thailand, Korea, the Philippines, Indonesia, etc. To unearth gold mines in the art world, a jury comprising prominent art professionals from Asia select three winners and also give lectures so as to promote art exchanges around the Asian region.

# Galleries and Art Organizations Promote Young Artists to International Markets

Young & Emerging Section: With emerging artists under the age of 40 as the core, this section aims to incubate young artists with potential and build an art and cultural exchange platform between artists and collectors.

## Expand An Artistic Horizon in Line with the International Art world

On the basis of acquisition as a vital part of art fair organization, ART FUTURE PRIZE attempts to facilitate dialogue between emerging Taiwanese and Asian artists and the international art scene and academia, thereby creating connections among them.
